HASMONEAN

אל תקרי בניך אלא בניך

This is not an ordinary prospectus.

But that's because we are not an ordinary school.

The dictionary defines a school as 'an institution where instruction is given, especially to persons under college age.'

We disagree.

Hasmonean is:

A school.

A foundation for life.

A family.

A place to grow.

Handwritten note on a piece of paper:

The world of King Richard II

Richard II is a young man who is very intelligent and has a great sense of humor. He is a very good leader and is very popular among his subjects. He is a very good friend and is very loyal to his subjects. He is a very good person and is very kind to his subjects. He is a very good person and is very kind to his subjects. He is a very good person and is very kind to his subjects.

First class academic results, a broad extra-curricular programme and 'Outstanding' Ofsted and Pikuach reports.

At Hasmonean Multi-Academy Trust this comes as standard.

However, if we only offered excellent academic results, a broad extra-curricular programme and excellent Ofsted and Pikuach reports, we would feel that we had failed.

We believe in giving our students the tools they need to build their future.

“Our task is to fill ourselves with Hashem’s wisdom and His Torah. If we fill ourselves with everything of true value and worth and goodness, with matters relevant to humanity and to G-d, and do so willingly, then the world will cherish and honour us; we will be respected as trustworthy people, peace-loving people of good deeds, not in spite of the fact that we are Jewish, but rather because we are Jewish.”

Rabbi Samson Raphael Hirsch, major proponent of Torah Im Derech Eretz philosophy and architect of Torah Judaism for the Modern World

וכל בניך למודי ה' ורב שלום בניך
אל תקרי בניך אלא בוניך
ברכות סד.

And all your children will be the students of Hashem,
And your children will have peace.
Do not read 'your children', but 'your builders'.

"All your children" emphasises the importance we place on challenging each and every

individual, highlighting the significant role that every child will play in building the future.

Geography Trip

We judge our success on the kinds of lives our students are leading long after they have left Hasmonean. We want them to graduate from Hasmonean to become community leaders and to make their mark on the wider world.

I came to Hasmorean thinking that it would be a normal school., I was wrong. The year is very friendly and welcoming and the teachers are very nice and are very easy to talk to. It is the best non-selective comprehensive secondary school in England. The food is great and everyone helps you.

At first I was very nervous about joining Hasmorean, but now it feels like I have been here all my life.. I have made so many new friends and I love my English, Spanish and Food Technology lessons.

The school has so far given me many opportunities. I have been driven and pushed to do my best. When I go to school I feel that I am in a safe environment where I won't get hurt or bullied. I have made so many friends that I play and travel to school.

It was a big change coming from primary to secondary school but I love it in the hall when there is music and dancing it is such fun. My Keshar is so nice, she supports me in all I do and gives me lots of support. It is amazing how we also have study buddies that help us with whatever we need. There are tons of lunch time activities to do at Hasmonean. The Achdut trip was amazing!

At first, I was afraid of going to secondary school but once I walked in on my first day it felt like home.

Ready to join us?

We thought so.
