## 1. Aims

The aims of this Accessibility Plan are to ensure that Hasmonian High School for Boys continues to work towards increasing the accessibility of provision for all students, staff and visitors to the school. The Accessibility Plan will contain relevant actions to;

- Increase the extent to which pupils with disabilities can participate in the curriculum
- Improve the physical environment of the school to enable disabled students to take better advantage of the education, facilities and services provided
- Improve the availability of accessible information for disabled students

At Hasmonian High School for Boys, we are committed to the fair and equal treatment of all individuals able bodied or disabled and, on a continuous basis, will work towards improving access to the physical environment, to the curriculum and to the provision of information. We will ensure that all staff have the right training and knowledge to support people with disabilities effectively, in line with the Equality Act (2010).

## 2. Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities. Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'.

Schools are required to make 'reasonable adjustments' for students with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled student faces in comparison with non-disabled students.
